From The D e Hassan ol
- No Nl e 736/43 dt 19-8-44
Requests : adeas instructions as to
Whether the construction of the beef
slaughter house may be taken up
at Sakleshpur
according to the estimate sanctioned by the Executive Engineer
for Rs 730/- & The Mul cl may be
advised to adopt the standard
design as proposed by the Sanitary Engineer
Govt have sanctioned a sum
N of Rs 250/- each for the construction of
beef stall and beef slaughter house
at Sakleshpur, out of T J grant for 42-43
The Mul cl have not agreed
to construct the buildings as per standard
design suggested by the Sanitary Engineer
~~as per the request~~ as a result of the
enormous cost involved if the standard
types were to be followed
Despite the disapproval of the sanitary
Engineer, the Mul cl have constructed
The beef stall ~~and~~ at a cost of
A Rs 522/- according to their own plan
and estimate The D.e requests approval
to the same
But the construction of slaughter
house has not yet been taken up

An estimate is said to have been prepared for Rs 730/- for the same to suit the local conditions and to suit the sub finances also. He D c requests instructions whether the sub cl may be permitted to construct the building according to the estimate for Rs 730/- or whether they may be advised to adopt the standard design, as prepared by the Sanitary Engineer

B

A may perhaps be approved

B idea is submitted for orders

Mr a 11/11 We must have sanctioned a grant of Rs 250/ each for the construction of the Beef stall & a Beef slaughter house at Sakaleshpura

The sub cl have built a Beef stall according to their own design at a cost of Rs 572/ The Sanitary Engineer has not approved the design of the present building as it is not of the standard type The stall work has not been constructed according to the approved design. He D c requests approval to the action of the sub cl in having completed the design building already in the

17

design which is suitable to the locality & the building has been completed, the D.C is proposing be approved

The Beef slaughter houses not-been taken up except to the type design, it is said to cost 1850/ Rs 3-4000/- The Mcl have got an estimate prepared for Rs 30/- of which has been sanctioned by the Executive Engineer — it is stated that the design is suited to local conditions & that the Mcl is in position to bear any the expenditure. Furthermore the D.C. request to be informed whether the Mcl may be permitted to build according to the design now prepared by them or whether they may be advised to adopt the standard design

Having regard to the fact that the Slaughter house has to be built on sanitary principle, it seems desirable to adopt the standard design which cost Rs 1850/- The Govt have already paid a sum of Rs 250/- towards this Scheme & necessary sanction to make up Rs 1750/- (1000 + 750) for Rs 2675/-

maybe paid as first payment on account

C F No 46] **GOVERNMENT OF MYSORE**

1316/C

No 1 C 736/43-4 **OFFICE OF** THE DEPUTY COMMISSIONER,
Encls
HASSAN DISTRICT, HASSAN

Date 19th August 1944

To The Legal Remembrancer & Law Secretary to Govt of Mysore, B A N G A L O R E

Sir

Construction of a Beef Stall and Beef Slaughter House at Saklespur

I have the honour to state that a grant of Rs 50/- each for the construction of a Beef Stall and a Beef Slaughter House at Saklespur has been sanctioned by Govt in their Order No 7630-43/Al 102-42-7 dated 4-5-43 The Municipal Council have sanctioned at their meeting held on 16-8-42 the estimates for the construction of a beef stall for Rs 500/- and beef slaughter house for Rs 575/- The Municipal President has reported that the council was of opinion that the construction of these buildings as per type design which comes to about Rs 3,400/- cannot be taken up on account of the slender resources of the Municipality and that such a big building is absolutely unnecessary for Saklespur and that they have resolved on 28-11-42 that the construction of Beef Stall as per the estimate for Rs 500/- may be taken up

The two estimates and the designs received from the Municipal President were sent to the Sanitary Engineer for approval The Sanitary Engineer has intimated in his letter No 10/21 dated 3-7-1943 that both the designs are not suitable for the purpose and that the standard design should have to be followed The Municipal President was therefore requested in this office memo No M C 1128/42 dated 7-7-43 to send fresh plans and designs It is reported that the construction of these buildings as per type design costs too much and works hard for small municipalities, that a suitable plan according to local conditions was prepared at a cheaper cost and the work of the beef stallhas been completed at a cost of Rs 529/- In these circumstances the matter was again referred to the Sanitary Engineer for opinion and he has not approved the designs adopted in Saklespur Municipality

Para 3 of Rule 250-C of the Municipal Account manu

annual requires that plans and estimates costing more than Rs 500/- for sanitary works which term includes the construction of slaughter houses have to be approved by the Sanitary Engineer According to Rule 241 the Town Municipal Councils are competent to sanction works not exceeding Rs 3000/- This is a work costing Rs 520/- and it has been sanctioned by the Council

The Sanitary Engineer has not approved the plan and estimate but it is reported that the construction of the Beef Stall has already been completed at a cost of Rs 522/- according to the plan and estimate which is said to be suitable for the locality, I request that approval of Govt may kindly be obtained to the action of the Municipal Council in this behalf

Similarly the estimate prepared by the Municipality for Rs 575/- for the construction of a beef slaughter house has not been approved by the Sanitary Engineer It is proposed to construct this building also at a cheaper cost - according to the local corditions The Executive Engineer has scrutinised this estimate for Rs 730/-

As the Municipality finds the cost of type design to be heavy I request to be kindly instructed as to whether the construction of the Beef Slaughter house may be taken up - according to the estimate scrutinised by the Executive Engineer for Rs 730/- so as to enable the Municipality to utilise the grant already sanctioned for this purpose or the Municipal President may be advised to adopt the standard design and get fresh estimates

The entire records together with the plans and estimates are enclosed for favour of reference and return

I have the honour to be,
Sir,
Your most obedient Servant,

for Deputy Commissioner,
Kassan District

Government Order No L 730-43/Ml 102-42-76 dated 4th February 1943 sanctioning among others, a Government grant of Rs 250/- each from out of the Town Improvement Grant for the year 1942-43 for the construction of a Beef Stall and a Beef Slaughter House at Saklespur

2 Letter No Ml C 736/43 dated 19th August 1944 from the Deputy Commissioner, Hassan District, requesting orders on the proposal of the Saklespur Town Municipal Council in connection with the construction of a Beef Slaughter House and a Beef Stall at Saklespur

---

ORDER NO L-6158-4-Ml-40-44-14

Dated, Bangalore, the 21st December 1944

The Deputy Commissioner, Hassan District, reports that the Saklespur Town Municipal Council have resolved to construct a Beef stall and a Beef Slaughter House at a cost of Rs 500/- and Rs 575/- respectively, according to the plan and estimate got prepared by the Municipal Council which is said to be suitable for the locality instead of as per type design suggested by the Sanitary Engineer at a total cost of Rs 3,400/-

They have already constructed the Beef stall at a cost of Rs 522/- according to their own plan which was not however approved by the Sanitary Engineer The Deputy Commissioner reports that the action of the Municipal Council in having constructed this building to suit the local conditions may be approved as a special case This is accordingly sanctioned The Government share of the cost expenditure of Rs 250/- already granted may be adjusted towards this expenditure

2 As regards the construction of a Slaughter House, it is reported that the estimate for Rs 575/- prepared by the Municipal Cuncil as per their own design has been scrutinised by the Executive Engineer, Hassan Division and it has been revised to Rs 730/- As the Municipal

Council

Council found the cost of the standard design viz , ₹ 1850/- suggested by the Sanitary Engineer to be costly, the Deputy Commissioner requests orders as to whether the Municipal Council may be permitted to construct the same at a cost of Rs 730/- only to suit local conditions or whether they may be advised to adopt the standard design which is estimated to cost Rs 1,850/-

3 Government direct that the Municipal Council may adopt the standard design for the construction of the Slaughter House at an estimated cost of Rs 1,850/-, the same being met equally by the Government and the Municipal Council A sum of Rs 250/- has already been granted in this behalf In order to meet the balance of the Government share of the cost of ₹ 925/-, a sum of Rs 675/- will be given out of the Town Improvement Grant for 1944-45
